

Join Joe Security to Deeply Analyze Cyber Threats!

Joe Security LLC is a fast-growing Swiss-based company specialized in the development of automated malware analysis systems. We develop and support Joe Sandbox - one of the most advanced malware analysis system for Windows, Linux, Android, iOS and Mac OS X operating systems. Joe Sandbox is actively being used by CERTs, CIRTs, AVs and firewall vendors around the world.

We are looking for a motivated system administrator with high interest in IT security and Cloud. Besides working closely with our team, the main task will be extending and maintaining our growing Cloud infrastructure. We are located in Reinach, Switzerland, very near to the city of Basel with good access by public transportation and car.

System Administrator 100% (m/w)

Job Responsibilities:

- Extend our Ubuntu Cloud infrastructure (setup, backup, failover, stability)
- Maintaining our Ubuntu Cloud infrastructure (error discovery and resolving, data management, security monitoring)
- Improve the security and privacy of our Cloud infrastructure

Job Requirements:

- **Strong interest in IT security and malware analysis**
- BS in computer science or equivalent
- Excellent Linux administration system skills
- Familiar with the setup of database systems and web servers
- Good network skills (TCP / IP, iptables)
- Familiar with the setup virtualization solutions (Virtualbox, VMWare Workstation and ESXi)
- Ability to work independently as well as in a team
- Fluent in spoken and written English

Why join Joe Security?

- Become part of a cool team of engineers and malware specialists
- Work with High-Tech products used by industry leaders
- Easy entry into the field of malware analysis
- Flexible working hours
- Spacious office in an excellent work environment
- Work at home for up to 1 days per week
- Competitive salary and bonuses
- Profitable and internationally well positioned IT business
- Free drinks and gym reimbursement
- Organic gourmet coffee from Colombia
- Employee training programs
